

**Manchester Beis Din**

**Kashrus List**

We are happy to present to you a list of items which carry the supervision of Manchester Beth Din. The family of companies who have chosen Manchester Beth Din continues to grow and we very much hope that the next list that we produce will indeed indicate this. It should be borne in mind that in addition to the items which we have listed there are also hundreds of other products which are supervised and certified by Manchester Beth Din, but which are not finished products for the retail market, but rather ingredients which are used in the production of Kosher products. This list is therefore only a small indication of the scope of Kashrus work carried out under the aegis of the Manchester Beth Din and which extends to most corners of the world.

The competition amongst Kosher Certifying agencies is indeed intense, both in this country and in Europe, and the fact that so many companies have opted for the Manchester Beth Din, whether for their finished products or their ingredients is a sure indication of the high esteem in which the Dayonim and Rabbonim associated with our Beth Din and active in the field of Kashrus are held.

Finally, I would like to draw your attention to our website [www.mbd.org.uk](http://www.mbd.org.uk) where further Kashrus information is available. There is also an opportunity to contact us via the website and we would be happy to learn from members of the public who have suggestions or enquiries regarding Kashrus.

In conclusion I would ask that if there are members of the public who are aware of products which do not as yet have supervision and which they feel would lend themselves to such supervision to write into us. By enclosing such a letter in our first contact with the company we can therefore demonstrate the public interest and this can be helpful.

RABBI YEHDUA BRODIE
